SMH GoodFood Guide Chefs Hat Award 07,08,09

Excellence in Restaurant Catering 05-08

24 Old Hume Highway

Berrima NSW

Nestled in a significant heritage 1880s sandstone building located in the historic village of Berrima Eschalot delivers consistently beautiful cuisine. Eschalot has established a reputation as a graceful restaurant. Eschalot feels like a posh friend's country manor - with much better service.

Owner Richard Kemp believes one of the keys to his success is the fact that there are two chefs, the owner Richard Kemp and the chef running the restaurant Joel Bickford, which means they challenge each other to move forward. It also provides consistency in the preparation of food and the professional and personal service in the restaurant.

With combined training in French, Mediterranean and Asian cuisines and over 15 years hands on experience in restaurants in Sydney, Richard were looking for a lifestyle change and somewhere special to open a restaurant.

SUNDAY 5<sup>TH</sup> DECEMBER

Morning at leisure.

A continental breakfast is included.

If you wish something more substantial the Golf Club is across the road, 3-4 coffee establishments are around the corner one attached to the Surf Club with beach views.

A walk on the beach or for those intrepid early risers, 9 holes across the road awaits or catch a few waves.

Attendees to arrange their own tee off times.

Late check out has been arranged.

DEPART 11.30 AM  
ONWARD TO CUPITTS WINERY

*Beautiful scenery. Provincial flavours.*

Cupitt's Winery is 5 minutes from Ulladulla, Milton and Mollymook. It has outstanding views to the Budawang ranges and Burril Lake.

*The Winery*

Rosie Cupitt, the winemaker at Cupitt's Winery, has studied viticulture at Charles Sturt University and has more than a decade of vintage experience including vintages in France and liaisons with Italian winemakers to further her wine knowledge. This influence has encouraged her to take a more traditional approach to the wine-making. The wines are matured in an underground wine cave where everything from fermenting to barrelling is done the traditional way.

Rosie's philosophy is to make wines that go well with food and to let the grapes dictate the final wine style with each variety.

*The Vineyard Kitchen*

The Vineyard Kitchen offers seasonal food with French influence using only the freshest of local produce. The restaurant is situated in the heart of Cupitt's Winery with architecture that combines rustic stone walls of the 19th Century and contemporary design. The stunning country scenery, seductive wines and the hearty flavoursome food make for a magnificent culinary experience.
