Join us for a black tie evening of Spanish splendour with cuisine from the region complemented by a selection of Iberian Wines.

Spanish cuisine is remarkably diverse as early migration to the Iberian Peninsular brought settlers as different as Phoenicians, Celts, Romans, Greeks and Moors. Add to this the regional variations produced by Spain's 47 provinces and you have a rich diversity of cuisines.

This promises to be a delightful evening and a fitting venue for our final event of 2012. Diarise and book early so as not to miss this function.

**Cost:** \$125 per member and \$135 per guest.

Brian Openshaw is the convener of this function. Following on from the successful AGM dinner at Fish on The Rocks we hope to see as many of you as possible. It promises to be a great evening.

**RSVP:** Attached is the customary booking sheet. If you are unable to attend please advise as it makes administration a whole lot easier.
